

The Combo BadAss with Steel Body

The Combo BadAss Gate Hinge was designed using the same technology as all our BIG hinges, but with the understanding that not all installations are exclusively steel or aluminum. This Combo BadAss is perfect for welding gates upside down, or in the rare cases where you have an aluminum endpost and a steel gate.

KEY FEATURES

- Two sealed maintenance free bearings (no greasing)
- Slotted for easy adjustment
- Round or plate post installations
- Load rating per gate: 1,000 lbs (450kg)
- Maximum gate weight: 600 lbs (270kg)

SKU	Gap Variance Inch/mm	Fixing Method	Finish	# Of Sealed Bearings	Yoke Mat'l	Body Mat'l	Height Inch/mm	Weight lbs/kg
CI3200	2.4-2.9" (61-74mm)	Weld	Unfinished / Zinc	2	Alum	Steel	3.8" (97mm)	2.5 lbs (1.1kg)

The Combo BadAss with Aluminum Body

The Combo BadAss Gate Hinge was designed using the same technology as all our BIG hinges, but with the understanding that not all installations are exclusively steel or aluminum. The Combo BadAss is perfect for that high-end installation where an aluminum gate is welded to a steel endpost in the field.

KEY FEATURES

- Two sealed maintenance free bearings (no greasing)
- Adjustable yoke for perfect installations
- Ideal for flat post installations
- Load rating per gate: 1,000 lbs (450kg)
- Maximum gate weight: 600 lbs (270kg)

SKU	Gap Variance Inch/mm	Fixing Method	Finish	# Of Sealed Bearings	Yoke Mat'l	Body Mat'l	Height Inch/mm	Weight lbs/kg
CI3300	2.4-2.9" (61-74mm)	Weld	Zinc/ Unfinished	2	Steel	Alum	3.8" (97mm)	2 lbs (1kg)
